--------	------------	---

Summary: On June 3, 2003, Osa Armi, attorney for Save Southwest Riverside County (SSRC), spoke on the telephone with Belinda Gatti, advisor to Cmmr. Brown. Armi clarified SSRC's position with regard to the alternate circulated by Pres. Peevey. Armi explained that the alternate would effectively set aside the Commission's December 2002 decision and would re-open the evaluation of whether a project like the Valley-Rainbow line is needed. Armi explained that this would impose considerable burdens on the residents of Southwest Riverside County. Armi explained that although San Diego Gas & Electric Company argues that it could find viable routes for the project, it has not identified any such routes.

Procurement and Renewable Resource Development.

Summary: On May 29, 2003, Joseph Rowley, Vice President, Asset Development, Sempra Energy Resources (SER), met with Kevin Coughlan, advisor to Pres. Peevey, in San Francisco. Also present were Alvin S. Pak, Director of Regulatory Policy & Analysis, and Douglas Mitchell, Manager of Regulatory Policy, for Sempra Energy Global Enterprises. Written materials (attached to the notice) were used. SER's representatives updated the Commission with respect to the progress of SER's development of its Palomar Energy Project in northern San Diego County. SER's representatives also articulated the company's position that the pending Calpine motion requesting that the Commission direct San Diego Gas & Electric Company (SDG&E) to execute a contract with Calpine related to Calpine's Otay Mesa Project, inappropriately seeks to preempt SDG&E's ongoing request for proposals process, commenced pursuant to the Commission's orders. SER's representatives explained that the Commission should deny or at least defer action on the motion.

6/6/03 A02-07-039 Pacific Bell Telephone Company (U 1001-C), for Authority pursuant to Public Utilities Code Section 851 to Lease Space in Administrative Buildings and Central Offices and to Transfer Assets to SBC Advanced Solutions, Inc.

6/6/03 A02-09-006 Wild Goose Storage Inc., for Review under Public Utilities Code Section 851 et seq., of the Transfer of its Indirect Control to EnCana Corporation, or, in the alternative, Request for Declaratory Order.

Summary: On June 4, 2003, Michael Day of Goodin, MacBride, Squeri, Ritchie & Day, counsel for Wild Goose Storage Inc. (Wild Goose), met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Day discussed the proposed decision (PD) and

indicated that a review of the related legal precedents provided no clear explanation or justification for the imposition of a penalty substantially larger than those imposed on previous *nunc pro tunc* approvals under Section 854. Day noted that Wild Goose has, as the PD admits, sought to fully and timely comply with reporting and disclosure requirements, and further, that Wild Goose had previously filed a Section 854 application when the shares of Wild Goose were directly transferred to another entity, thus disproving any intent to conceal such transactions from the Commission. Day also noted that the PD's reliance on a very minor change in the composition of the Board of Directors was an insufficient basis for the conclusion that a change in control of the utility had occurred.

6/6/03 R02-01-011 Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: On June 3, 2003, John Ballas, Director of Public Works for the City of Industry (City), met with Manuel Ramirez, advisor to Cmmr. Wood, and David Gamson, advisor to Cmmr. Brown, in two separate meetings in San Francisco. Also present were Richard Mrlik, consultant, and Jose E. Guzman, Jr., attorney, for the City. At the meeting with David Gamson also present was Kevin Coughlan, advisor to Pres. Peevey. Written material (attached to the notice) was used. The parties discussed cost responsibility surcharges for municipal departing load (MDL). Guzman stated that the City supports Cmmr. Brown's alternate and opposes the proposed decision (PD) of ALJ Pulsifer. Ballas stated that the City has invested over \$4 million and countless staff time in planning and formation of its municipal electric utility. Mrlik stated that if the PD was adopted, the City's substantial investment in its electric service would be severely impaired. The City's representatives discussed the concept of 'service territory' as it related to the MDL issue. Guzman stated that an IOU's service territory is established by franchises but that such franchises are almost always non-exclusive franchises. Guzman noted that in the case of the City, the franchise it granted to Southern California Edison Company is a non-exclusive franchise.

In particular, Hawiger and Myers stated that the alternate, as opposed to the draft decision, better reflects the actual record on and likely results from demand response programs.
